

## L.A. Cameras is excited to serve Pictures Plus customers!

Upon closing of their retail camera store, Pictures Plus came to us to ensure their customers continued to receive the best possible photographic service, and great online ordering. We worked with them to create a seamless transition. We even found a way to transition their customers' online photos and albums, so that nothing would be lost! As of August 24, PicPlus customers will be able to log-in to our online system *nearly the same way they would have before, with the same user name and password*. The only thing that will change is where they will do this— instead of PicPlus's online system, they'll log onto L.A. Cameras.

L.A. Cameras is conveniently located in Chambersburg, PA at  
1019 Wayne Avenue, near the Kmart shopping plaza.
